For over 65 years, Milani has worked to constantly exceed its client's expectations by providing an unmatched customer service experience. Our highly skilled technicians optimize the mechanical systems in the buildings we work with, ensuring safe and comfortable environments for those within. Milani is proud of the thousands of positive five-star reviews, customers have left us online on Google, Facebook, Homestar's and the BBB. All work performed is guaranteed and should any problems arise, rest assured Milani will stand behind the promises we make to our valued customers.

#### Summary:

**Priority Level:** P2  
**Equipment Issue:** The riser shutoff valves need replacing.  
**Recommended Repair/Solution** See scope of work  
**Possible Outcome If Not Fixed:** Leak

#### Scope of work:

Re: Revised quotation for replacement of riser shut off valves.

#### Scope of work:

- Supply and install a new recirculation line in both Towers A and B on the 12th floor with shut off valves on each branch. Connect to the existing recirculation branch lines from each unit. We will attempt to connect to the existing lines before they enter the unit from the hallway. However it may be necessary in some cases to open up the ceiling inside the unit to connect to the recirculation line.
- Customer is responsible for removal of the drywall in the 12th floor hallway where the pipes are boxed in. (bottom and front side of box to be removed)
- Includes labelling of all new recirculation isolation valves on the 12th floors.
- Access panels will need to be installed for each recirculation valve on the 12th floors. We have not included installation of access doors/panels. This can typically be performed during drywall repairs.
- Pipe insulation is not included.
- Drywall repairs are not included.
- Abatement is not included.

Total for the above work: \$16,300 plus GST

---

**Price**

**Plus applicable taxes**

All labour and material is guaranteed to be as specified. All work to be completed in a professional manner according to standard practices. Should Milani run into any unforeseen circumstances before, during or after this work takes place there may be an additional charge to this quotation for extra labour hours and materials. This agreement contains the entire contract between the parties hereto and no other understanding whether verbal or otherwise shall be valid unless recorded in writing and signed by both parties. Please note any additions to this quote which are not explicitly outlined are extra to the listed price; this includes but is not limited to: drywall/insulation/concrete/asphalt repairs, valves not holding, work outside regular business hours, engineering, permits, additional balancing/purging following installation, additional work or changes required as per city inspection. Milani is not responsible for damage or delays due to causes beyond our control. This includes line blowouts, cracks, or leaks that may occur during maintenance on old decaying drainage pipe. Milani will require a 50% deposit prior to work commencing. Milani then reserves the right to take an additional 40% as the job progresses and the remaining 10% once the job is completed. Please note overdue invoices may be subject to 3% compounding monthly interest. The quotation is valid for 30 days and does not include tax unless otherwise indicated. By accepting the proposal, you are approving and accepting all terms and conditions mentioned herein.
